Flat Earth

CODY HOYT

Opening Reception Saturday, July 14th, 6 - 8pm

July 14th - Sept 15th, 2018

outside is pleased to present *Flat Earth*, a solo exhibition of new ceramic work by Cody Hoyt.

The works in this show are artifacts of improvisation and abstraction based on traditional geometric structures of color and shape. Geometry is a way we can play at labeling fundamental constants in reality. Pattern is a way we can visualize the infinite. Folding pattern delineates the infinite and creates boundaries in physical space, while leaving it flat creates tension around the edges. - Cody Hoyt

Cody Hoyt's studio practice involves ceramic multiples, textiles, and work on paper. He has exhibited in the US and abroad, including galleries such as Patrick Parrish, R and Company, UNTITLED Art fair and Design Miami.
